

WELCOME TO AURUM

Smart corporate services for trusted business growth.

Who we are, what we stand for, and
how we can support your business.

Smart Solutions. Trusted Growth.

AURUM ADVISORY & CORPORATE SERVICES LTD · ACCRA, GHANA

WHO WE ARE

Practical support for modern businesses

Aurum provides practical corporate support that lets owners and management teams focus on running and growing their organisations — combining professional discipline, commercial understanding and modern technology.

We help businesses operate and grow confidently through professional accounting and reporting support, corporate administration, business advisory and AI-powered digital solutions.

OUR VISION

To be a leading corporate services firm recognised for trusted advisory, smart business solutions and technology-driven support for growing businesses.

OUR MISSION

To help businesses grow and operate confidently by providing professional accounting support, corporate administration, business consultancy and AI-powered digital solutions with integrity, efficiency and excellence.

WHAT WE STAND FOR

Four commitments behind every engagement

01

Professional Excellence

Accuracy, professionalism, integrity and attention to detail in everything we deliver.

02

Trusted Partnership

Long-term relationships built on understanding your business and being dependable.

03

Technology Driven

Modern technology and AI applied to streamline processes and help businesses work smarter.

04

Growth Focused

Support designed for immediate needs and for stronger operations over the long term.

WHO WE SERVE

Organisations that need dependable outsourced corporate support

Startups and SMEs

Investment funds

Growing owner-managed businesses

Venture capital firms

Investment holding companies

Private equity firms

Professional services firms

Other corporate organisations

SPECIALIST SUPPORT

Support for investment funds, venture capital and private equity firms

Accounting, reporting and operational support for investment funds, venture capital firms and private equity businesses.

Aurum does not provide investment advice, investment management, fund management, securities dealing, custody, trustee services, statutory audit, assurance services or regulated fund administration unless it has obtained the relevant regulatory approval or is working through an appropriately licensed professional or institution.

HOW WE WORK

A clear, four-stage engagement

01

Understand

We start by understanding your business, priorities, existing processes and challenges.

02

Structure

We agree the required services and develop a practical approach that reflects your needs.

03

Deliver

We provide the agreed support with professionalism, clear communication and attention to quality.

04

Support

As your business evolves, we continue to support it and identify ways to improve processes and efficiency.

Why Aurum

One provider across accounting, corporate administration, advisory and digital solutions — with the professional discipline of a practice and the responsiveness of a partner who knows your business.
